# RIDE CONTROL

## AIR SPRINGS FEATURES & BENEFITS

- › Made with a Natural Rubber Blend with No Fillers, Allowing Greater Flexibility While Retaining Required Strength
- › Bellows Use Thick Nylon Yarn for Enhanced Reinforcement
- › Thinner Rubber Walls Allow Greater Ease of Flexing, Generating Less Heat and Dissipating Heat More Efficiently
- › Three Layers of Corrosion Protections for Top Plates and Anti-Oxidation Material Blended into the Rubber
- › Produced in North America
- › 3 Year, No Hassle Warranty

| PART #  | COMMON APPLICATION                     | PRICE    |

| AS98650 | Hendrickson Primaax 46k                | \$136.95 |

## HYDRAULIC SHOCKS

TRP hydraulic shocks are engineered for long life and superior performance. Hydraulic shock absorbers provide dampening action by transferring oil, under pressure, through valves which restrict the oil flow. Chromed piston rods and high quality leak free seals enhance the long product life and performance of TRP hydraulic shocks. The superior valve technology used in manufacturing TRP hydraulic shocks also ensures quality performance, control and durability.

- › 1 Year/100,000 Mile Warranty

| PART #  | COMMON APPLICATION               | PRICE   |
